

Day 3: What do you remember?

Yesterday... What are scales used for?

LO: To use language of weight

- I can use language of weight and describe an object which is heavier or lighter than another
- I can order items by weight

Important words to use:
Can you say them in a squeaky voice?

more

less

heavier

lighter

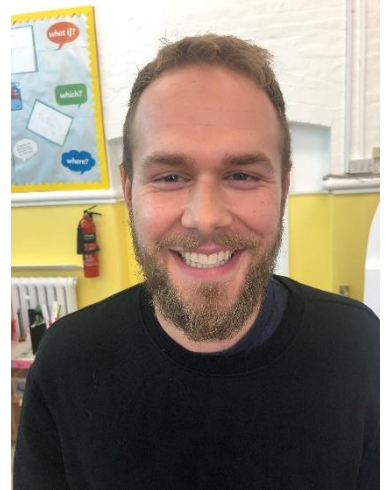

Have a look at the items below. Can you order them from heaviest to lightest?

Which one was
the heaviest?

Which one was
the lightest?

Which one was not the
lightest and not the
heaviest?

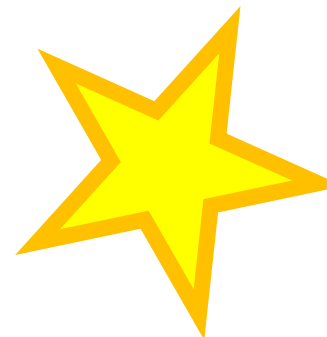

**Can you find any of these items
around your house? See if you
can order them from heaviest
to lightest using your hands to
compare the weight**

Challenge

See if you and an adult can play a game of guess the item. See if you can describe where an item is in the order by saying 'It is heavier than a sock but lighter than a ball'.

Can you create any more sequences of items on your own which you can use to play!
