- I can add highlight the odd and even numbers.

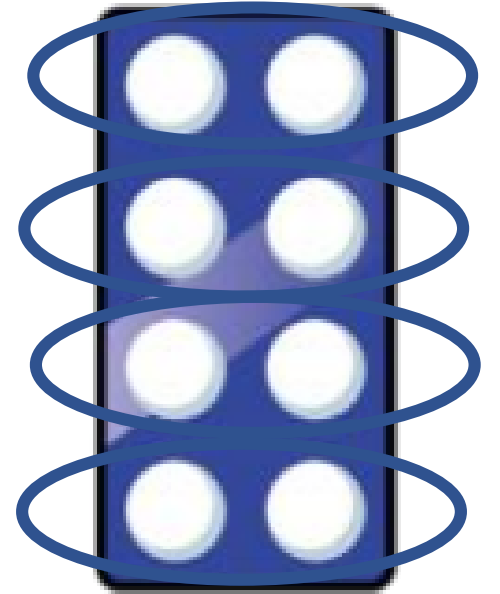

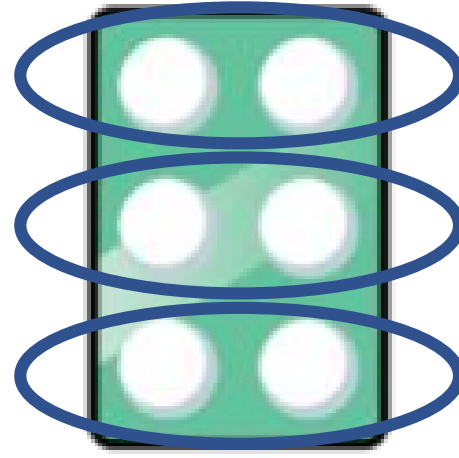

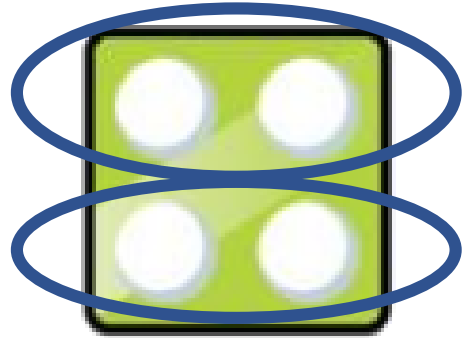

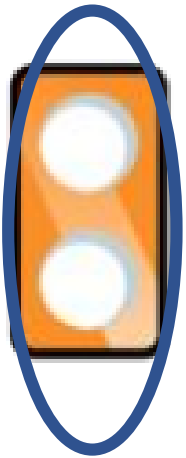

Important words to use:
MTYT

even

numbers

counting

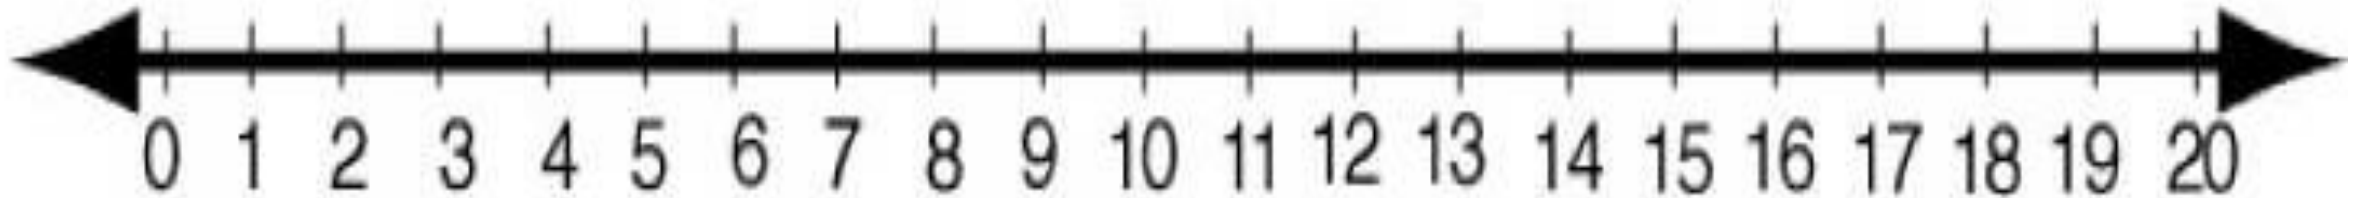

Even numbers!

An even number will have
none left over when you
pair them up!

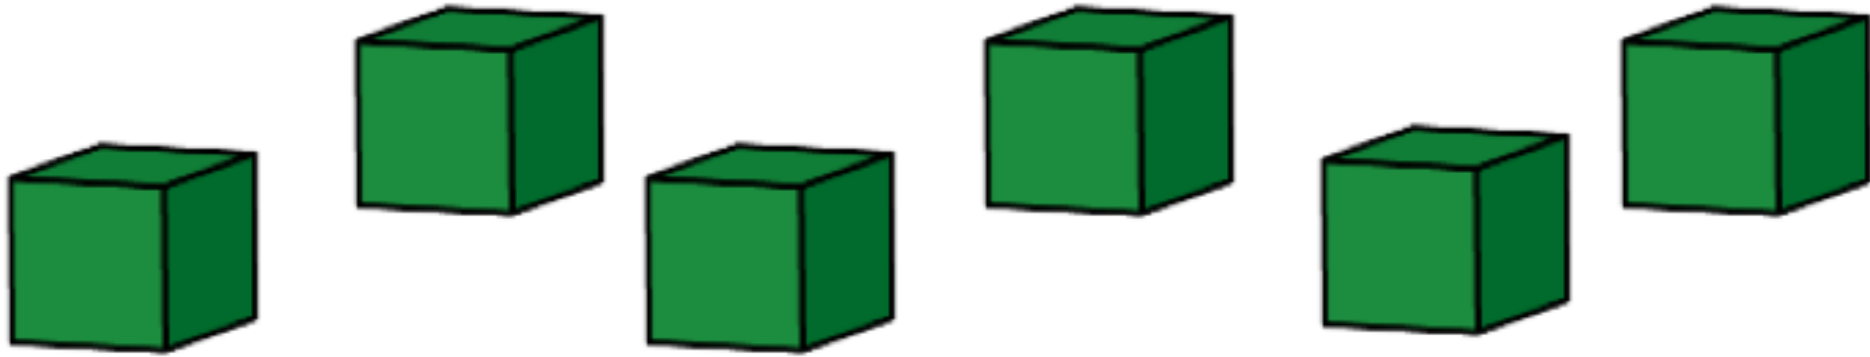

Remember when you pair
something you put it in 2s.

Can you circle the even numbers?

How do you know
these are even
numbers?

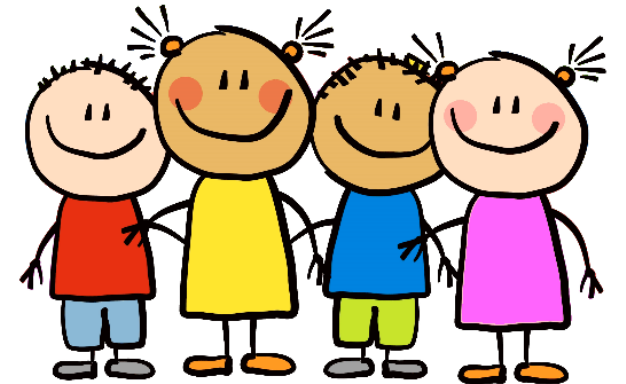

Practical – Making groups

Can you put the blocks into pairs? Is this an even number?

If I added 1 more would it be even?

Make a circle!

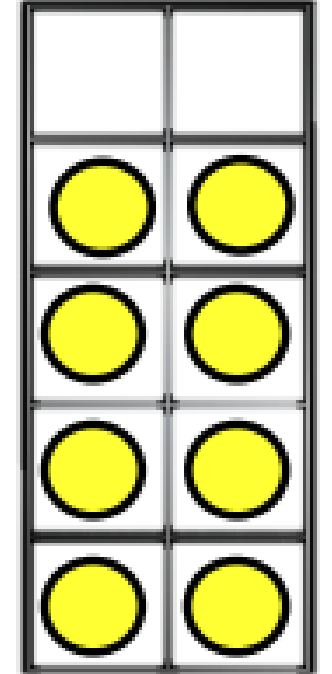

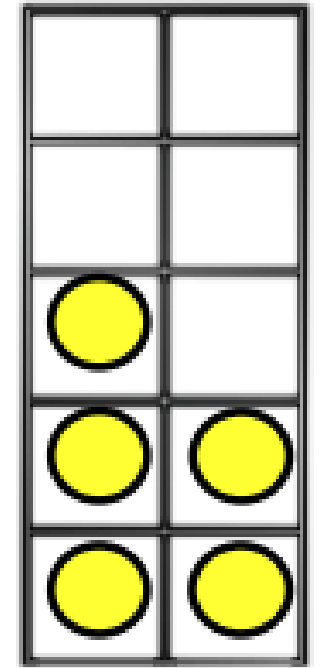

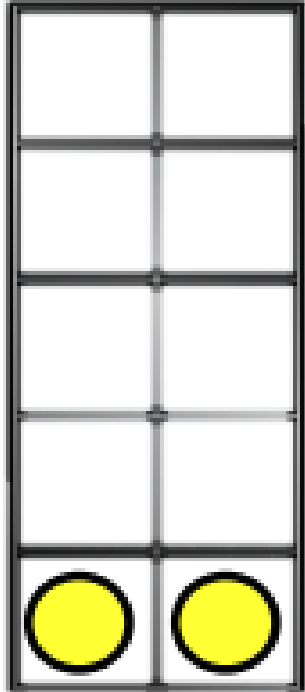

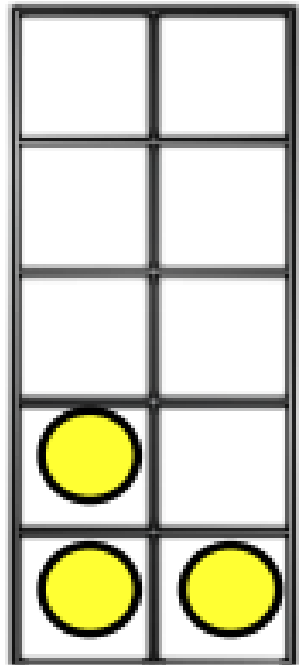

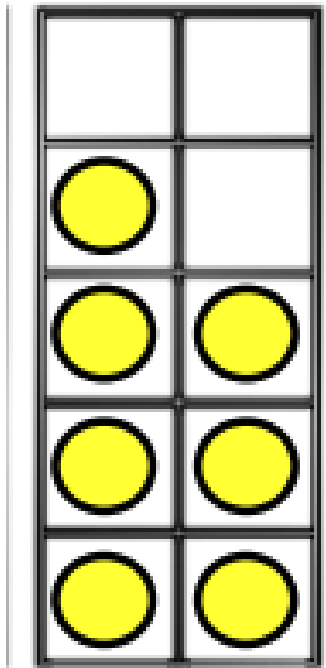

Which is an even number?

Why?

How many
pairs can you
make?

Which are even numbers?

How do you know they
are even?

Challenge

Can you write down all the even
numbers that you know?
