

Year 2 Home Learning week beginning 11/05/20

Please see below the tasks we would like your child to work on this week. Please do what you can but do not worry if you cannot complete all the work. Just do the amount of work that is right for your individual child and do not worry if it does not all get completed. We understand that each and every one of you is facing different circumstances and challenges.

If you have any problems, please remember that you can email me at dallen@wtwschool.co.uk during school hours. I will also be calling once a week so please feel free to use that call to ask for any help with any of the tasks, or to share what you have been doing.

Please note that any links to internet sites and YouTube videos need to be supervised by an adult, and they may contain adverts. You do not need to pay for any of the sites we are suggesting.

If you need any additional pencils, paper or other stationery, please contact the school and we can arrange that for you to collect.

Maths	
<p>Information for Parents: This week we will look at addition and subtraction.</p> <p>In year 2, children need to understand that addition is commutative (can be done in any order i.e $3+4$ is the same as $4+3$) but subtraction is not.</p> <p>They also need to know their number bonds to 10, 20 and 100 (two numbers which add together to make an amount e.g. $11 + 9 = 20$) as well as their doubles.</p> <p>You may want to spend a bit of time checking that your child knows all of the bonds to 10 which they learnt in year 1 before moving onto this week's learning.</p>	
Mymaths.co.uk tasks	
<p>This is a suggested break down of a lesson per day but it is up to you when they are completed in the week.</p>	
Monday	<p>Today the focus will be on adding single digits. Children should be able to hold a number in their head and count on using their fingers or their number bond knowledge to add a single digit to any number.</p> <p>Go to: number Addition and subtraction Y2 Add single digits</p>

Tuesday	<p>Today the focus will be on subtracting single digits</p> <p>Go to: number Addition and subtraction Y2 Subtract single digits</p>
Wednesday	<p>Today the focus will be on commutativity</p> <p>Go to: number Addition and subtraction Y2 commutativity: addition</p>
Thursday	<p>Today the focus will be adding by counting on beyond 20.</p> <p>Go to: number Addition and subtraction Y2 counting on over 10 and 20</p>
Friday	<p>Today the focus will be on recapping number facts and doubles. Today may be more challenging as the numbers are slightly bigger. Feel free to practise on the Hit the button instead/ before or writing your own questions for the children to practise. They can practise doubles, bonds to 10, bonds to 20 and bonds to 100. E.g. double 9 = $18 + \underline{\quad} = 20$ $100 = 70 + \underline{\quad}$</p> <p>If children feel confident then they can try: Go to: number Addition and subtraction Y2 number facts and doubles 2</p>

Extra Optional Work:

If you would like to practice either number bonds or doubles then Hit the button is a great website for them to use. Here is the link:

<https://www.topmarks.co.uk/maths-games/hit-the-button>

If you would like to do some optional additional work linked to this, please try the following IXL tasks:

H.12

I.1

J.1

Challenge: B.8

Reading

Please read daily a book of your choice for at least 30 minutes.

Alternatively, you can read a free copy of the children's newspaper, First News, found at:

https://schools.firstnews.co.uk/wp-content/uploads/sites/3/2020/03/Lores_718-1.pdf

The following websites have some free ebooks. The Oxford Owl site is good as it will be similar books to the ones that the children read in school. It is free to use but you need to sign up to get login details.

<https://www.oxfordowl.co.uk/for-home/find-a-book/library-page/>

Writing

This week we are using the book, *The Snail and the Whale*.

Here is the link to the book on youtube

<https://www.youtube.com/watch?v=x887mPO9X9c>

If you would like to watch a fuller video of the story the BBC have also shown a video of the story:

<https://www.bbc.co.uk/iplayer/episode/m000cslw/the-snail-and-the-whale>

We are going to think about writing postcards and letters and try to use a range of statements and questions in your writing.

Task 1

Can you imagine you are the snail or the whale but you have gone to a different place in the world to your new friend?

Can you design a postcard to send to your friend telling them about where you are and what it's like there? Remember to design a stamp for the postcard.

On the back can you draw a beautiful picture of where you are?

Remember to include questions for your friend to respond to as well as telling them about where you are.

	<p>Dear whale,</p> <p>How are you? I miss you already but am in a beautiful part of the world. The water is clear and cool around me but I am a bit scared of it now I cannot ride on your tail. I have been watching dolphins jumping out of the water and saw three tiny crabs scuttling across the sand. What have you been doing? Will you come and visit me here soon? Maybe we could visit somewhere else together...</p> <p>From Snail</p>
Task 2	<p>Can you write a letter to one of your friends or someone in your family?</p> <p>Remember to use a mix of statements about you and what you're doing and also ask them a few questions so that they could write back to you.</p>
Task 3	<p>Can you write a letter to me?</p> <p>You could tell me about something you have enjoyed doing while you've been off school and what you wish you could do soon. Could you ask me any questions?</p> <p>If you would like to you can take a picture of your letter and I will write back to you or you could even send it as an email and then I can reply to you.</p>

Grammar	
Learn:	<p>This week we will re-cap the correct use of capital letters.</p> <p>Capital letters should begin every sentence.</p> <p>The letter 'I' on its own should always be a capital letter.</p> <p>Any names or names of places should have capital letters.</p>
Watch:	<p>https://www.bbc.co.uk/teach/supermovers/ks1-english-capital-letters-full-stops/zjmrhbk</p>
Do:	<p>On IXL please complete U.1 U.2 U.3</p>

Phonics

Recap the ay sound:

ay	ai	a-e	ea

Can you sort these words into the correct list?

Steak	bake	crate	plain	training	crayon
layer	wave	strain	grade	great	grenade

The new spellings we are looking at this week come from the Year 2 common tricky word list.

Can you practise each of these words?

any	many	clothes	water	pretty	Christmas
beautiful	busy	poor	kind		

Handwriting

Let's practise forming each of these letters correctly and starting in the right place:

Remember to check the tall and short letters as you write them and leave clear finger spaces between each word.

If you are joining your writing, it should look like this:

Science

Fill the plant pot
with soil.

Plant the seeds
into the soil.

Using a watering can,
water the seeds.

The seeds begin to
sprout and grow.

The plant grows and
begins to flower.

Fruit then grows
on the plant

Can you use these pictures and captions to help you order and draw the sequence showing how a plant will grow?

Creative Activities and PE

If you would like to, why not try one or more of the following activities:

Lambeth have created an excellent website with links to lots of creative websites and activities. You can filter by age group and category (eg art, dance, music, poetry etc).

<https://elevatelambeth.london/>

Drama

London Bubble Theatre Company have produced some fun drama games and activities that can be done in the home. Walnut Tree Walk children love to use their imagination so this could be a great resource. Either google 'London bubble speech bubble' or go to the following link:

<https://www.londonbubble.org.uk/wp-content/uploads/2018/12/Drama-games-pack.pdf>

Art	<p>Can you use a toilet paper roll to create your own flying mini beast?</p> 
Music	<p>Why not try and make some instruments using items that you would normally put in the recycling. You can watch this video for inspiration:</p> <p>https://www.youtube.com/watch?v=ck8HlhHPLfQ</p> <p>If you have borrowed an instrument from the school library, you should have received some music sheets to help you learn at home. If you need more, please contact Chris cbrown@wtwschool.co.uk</p> <p>You could have a go at composing your own music. Go to the following link:</p> <p>https://www.classicsforkids.com/games/compose_your_own_music.php</p> <p>There are lots of great activities on the BBC Bring the Noise website for children of all ages:</p> <p>https://www.bbc.co.uk/teach/bring-the-noise</p>
Dance	<p>Emanuela will be doing a weekly dance lesson for the children at Walnut Tree Walk. This video lesson can be accessed at any time. The link will be sent out when it is ready each week.</p>
Yoga	<p>We will continue to provide an online yoga lesson from Kamlyn each week. This is a session exclusively for children at Walnut Tree Walk and is free for you. This lesson can be accessed at any time. The link will be sent out when it is ready each week.</p>
PE	<p>Joe Wicks is providing free PE lessons live at 9am each day via his YouTube channel. This is a great way to start the day and is suitable for all ages. Either google 'Joe Wicks PE lesson' or go to the link below:</p> <p>https://www.thebodycoach.com/blog/pe-with-joe-1254.html</p>
